

# Cement, February 2016

Released at 8:30 a.m. Eastern time in *The Daily*, Monday, April 11, 2016

Cement manufacturers produced 0.52 million tonnes of cement products in February, up 5.5% from January and up 5.3% from February 2015.

Shipments of domestic cement rose 0.7% from January to 0.47 million tonnes. Compared with February 2015, shipments of domestic cement were up 3.5%.

Including imports, shipments increased 4.2% to 0.52 million tonnes in February, a gain of 9.0% from the same month a year earlier.

## Note to readers

*Data for December 2015 and January 2016 have been revised.*

*Data in this release are subject to revision and are not seasonally adjusted.*

*The Cement Survey measures, on a monthly basis, the quantities of domestic cement that are produced and shipped by manufacturers. The survey also measures the geographic distribution of sales of domestic and imported cement as well as the quantity of exported cement.*
