## Note to readers

*Starting in January 2017, improvements were made to this survey and the sample of companies was increased to improve regional coverage. Previously, the survey was a sample of some of the largest urban transit companies operating in Canada.*

*This survey now collects operating revenue (excluding subsidies) and passenger trip data from urban transit companies that represent at least 75% of revenues in each province/territory.*

*This survey is now part of the [Integrated Business Statistics Program](#) and data are collected through an electronic questionnaire.*

*Caution should be used when comparing values prior to January 2017 as the number of sampled companies has changed significantly.*

*Data aggregations are available for Canada.*

*The data in this release are not seasonally adjusted.*

*Data prior to January 2017 can be found in table 23-10-0078-01.*
