

Trucking Commodity Origin and Destination Survey, 2018

Released at 8:30 a.m. Eastern time in *The Daily*, Friday, February 21, 2020

The Trucking Commodity Origin and Destination Survey data are now available for the reference year 2018. Data for 2017 have been revised.

Note to readers

The Trucking Commodity Origin and Destination Survey collects information on Canada's for-hire trucking industry (North American Industry Classification System, industry 484). The survey targets trucking companies with at least one establishment having an annual revenue of at least \$1.3 million. It excludes foreign-based trucking establishments operating in Canada and non-trucking establishments with their own fleets (private trucking).
