

# Pulse survey: Statistics Canada

*Released at 8:30 a.m. Eastern time in The Daily, Monday, June 22, 2020*

---

During the COVID-19 pandemic, many public service employees experienced major changes in their work and lifestyle. In light of this, a series of questionnaires was developed to gather information that will help Statistics Canada shed light on the impact of these changes on employees, and that will allow us to be agile and adapt over time.

The first results from this series of questionnaires are now available upon request.
