

Proximity Measures Database: Additional indicators

Released at 8:30 a.m. Eastern time in The Daily, Monday, March 15, 2021

Two new measures of proximity are now available upon request. The new measures are proximity to cultural and art facilities and proximity to indoor recreation and sports facilities. Each measure is provided at the dissemination block level. The computational methods used to generate the measures are presented in the paper, titled, "[Measuring proximity to services and amenities: An experimental set of indicators for neighbourhoods and localities.](#)"
