

Student pathways through postsecondary education, 2011 to 2018

Released at 8:30 a.m. Eastern time in *The Daily*, Wednesday, June 9, 2021

Today, Statistics Canada is releasing data related to the postsecondary education pathways of college and university students (entry cohorts of 2011 to 2018). This release includes information on the persistence and graduation of students by educational qualification, field of study, age group, gender, and status of student in Canada. Data are available at the national, provincial and territorial levels.

The data used to calculate these student pathway indicators are derived from the Postsecondary Student Information System.

Available tables: [37-10-0136-01](#), [37-10-0138-01](#) to [37-10-0140-01](#) , [37-10-0143-01](#), [37-10-0145-01](#) and [37-10-0146-01](#).

Definitions, data sources and methods: survey number [5017](#).

The technical reference guide for this release, titled "[Persistence and graduation indicators of postsecondary students, 2011/2012 to 2018/2019](#)," is now available.

The data visualization tool, titled "[Persistence and graduation of postsecondary students aged 15 to 19 years in Canada: Interactive tool](#)," is also available.
