

Architectural, Engineering and Related Services Price Index, first quarter 2022

Released at 8:30 a.m. Eastern time in *The Daily*, Tuesday, May 24, 2022

Data from the Architectural, Engineering and Related Services Price Index (2018=100) are now available for the first quarter of 2022.

Note to readers

The Architectural, Engineering and Related Services Price Index is a quarterly series that measures changes over time in the prices of architectural, engineering, surveying and mapping services.

With each release, data for the previous quarter may have been revised. Data are also subject to an annual revision with the release of second quarter data for the following reference year. The index is not seasonally adjusted. Data are available at the Canada and regional levels.

Products

Statistics Canada has an interactive [Architectural, Engineering and Related Services Price Index: Data Visualization Tool](#), which allows users to visualize statistics on the prices of architectural, engineering and related services.

Statistics Canada launched the [Producer Price Indexes Portal](#) as part of a suite of portals for prices and price indexes. This web page provides Canadians with a single point of access to a wide variety of statistics and measures related to producer prices.

The video "[Producer price indexes](#)" is available on the Statistics Canada Training Institute web page. It provides an introduction to Statistics Canada's producer price indexes—what they are, how they are compiled, and what they are used for.

Available tables: [table 18-10-0164-01](#).

Definitions, data sources and methods: [survey number 5196](#).
