

# Electric power generating stations, 2019

Released at 8:30 a.m. Eastern time in *The Daily*, Thursday, December 15, 2022

---

Data on electric power generating stations are now available for 2019 upon request.

## **Note to readers**

*The survey on electric power generating stations provides generating station capacity (in kilowatts) and type of electricity generation.*

*Data for 2012 are not available as the survey was not conducted that year.*

*For respondents reporting solar power, the threshold for inclusion in this survey was lowered to 100 kilowatts of capacity.*

## **Definitions, data sources and methods: survey number 2193.**
