

Architectural, Engineering and Related Services Price Index, first quarter 2023

Released at 8:30 a.m. Eastern time in *The Daily*, Friday, May 12, 2023

Data from the Architectural, Engineering and Related Services Price Index (2018=100) are now available for the first quarter of 2023.

Note to readers

The Architectural, Engineering and Related Services Price Index is a quarterly series that measures changes over time in the prices of architectural, engineering, surveying and mapping services.

With each release, data for the previous quarter may have been revised. The index is not seasonally adjusted. Data are available at the Canada and regional levels.

Available tables: table [18-10-0164-01](#).

Definitions, data sources and methods: survey number [5196](#).

Statistics Canada has an interactive [Architectural, Engineering and Related Services Price Index: Data Visualization Tool](#), which allows users to visualize statistics on the prices of architectural, engineering and related services.

Statistics Canada launched the [Producer Price Indexes Portal](#) as part of a suite of portals for prices and price indexes. This webpage provides Canadians with a single point of access to a wide variety of statistics and measures related to producer prices.

The video "[Producer price indexes](#)" is available on the Statistics Canada Training Institute webpage. It provides an introduction to Statistics Canada's producer price indexes—what they are, how they are compiled, and what they are used for.
