

Fertilizer Shipments Survey, first quarter 2023/2024

Released at 8:30 a.m. Eastern time in *The Daily*, Tuesday, November 21, 2023

Data on the shipments, production and market inventories of fertilizer in Canada are now available for the first quarter of the 2023/2024 fertilizer year.

Did you know we have a mobile app?

Get timely access to data right at your fingertips by downloading the [StatsCAN app](#), available for free on the [App Store](#) and on [Google Play](#).

Note to readers

Data on fertilizer statistics have higher rates of estimation since the fourth quarter of the 2022/2023 fertilizer year, as a result of higher non-response rates. These data are subject to revision.

Shipments and production data are cumulative, compiled on a fertilizer year basis starting July 1 of a given year and ending June 30 the following year.
