

# Electric power generating stations, 2022

Released at 8:30 a.m. Eastern time in *The Daily*, Friday, February 23, 2024

---

Data on electric power generating stations for 2022 are now available.

## Did you know we have a mobile app?

Get timely access to data right at your fingertips by downloading the [StatsCAN app](#), available for free on the [App Store](#) and on [Google Play](#).

## Note to readers

*The survey on electric power generating stations provides information on generating station capacity (in kilowatts) and type of electricity generation.*

*Data for 2012 are not available, as the survey was not conducted that year.*

*For respondents reporting solar power, the threshold for inclusion in this survey was lowered to 100 kilowatts of capacity.*

**Available tables:** [25-10-0022-01](#) and [25-10-0023-01](#).

**Definitions, data sources and methods:** survey number [2193](#).
