

Informatics professional services price indexes, 2023

Released at 8:30 a.m. Eastern time in *The Daily*, Monday, May 13, 2024

Data are now available for the informatics professional services price indexes for 2023.

Did you know we have a mobile app?

Download our mobile app and get timely access to data at your fingertips! The [StatsCAN](#) app is available for free on the [App Store](#) and on [Google Play](#).

Note to readers

The informatics professional services price indexes measure annual price changes for various informatics services, such as data processing and hosting, software and software licensing, computer system design services, and custom software design services.

With each release, data for the previous year may have been revised. Data are available at the Canada level only. The indexes are not seasonally adjusted.

Products

Statistics Canada launched the [Producer Price Indexes Portal](#) as part of a suite of portals for prices and price indexes. This webpage provides Canadians with a single point of access to a variety of statistics and measures related to producer prices.

The video "[Producer price indexes](#)" is available on the Statistics Canada Training Institute webpage. It provides an introduction to Statistics Canada's producer price indexes—what they are, how they are made and what they are used for.

Available tables: table [18-10-0138-01](#).

Definitions, data sources and methods: survey number [2333](#).
