

# Business Ownership Diversity Dashboard

Released at 8:30 a.m. Eastern time in *The Daily*, Thursday, September 12, 2024

Today, the Centre for Special Business Projects released the "[Business Ownership Diversity Dashboard](#)." This dynamic dashboard covers the entire population of business owners in Canada and provides equity and diversity indicators including visible minority status, age, immigrant status, Indigenous peoples, and gender.

These statistics are based on a recent data linkage of Statistics Canada's Business-Linkable File Environment with the Census of Population and the Longitudinal Immigration Database. Linking social data with business data allows for the examination of equity and diversity indicators by business variable dimensions such as location of business operations, revenue size, employee size, or industry sector.

This dashboard supports Statistics Canada's ongoing efforts to provide disaggregated data to better understand diversity and inclusion related statistics.

## Did you know we have a mobile app?

Download our mobile app and get timely access to data at your fingertips! The [StatsCAN](#) app is available for free on the [App Store](#) and on [Google Play](#).

## Definitions, data sources and methods: survey number [6000](#).

The interactive dashboard, "[Business Ownership Diversity Dashboard](#)" ([71-607-X](#)), is now available.
