

# Natural gas supply and disposition, March 2026

*Released at 8:30 a.m. Eastern time in The Daily, Friday, May 22, 2026*

---

March data on natural gas transmission, storage and distribution are now available.

Data have been revised back to January 2025.

Starting with the January 2026 reference month, tables 25-10-0057 (Canadian monthly natural gas storage), 25-10-0058 (Canadian monthly natural gas transmission), 25-10-0059 (Canadian monthly natural gas distribution) and 25-10-0055 (Supply and disposition of natural gas) have been discontinued and replaced by table 25-10-0086 (Natural gas supply and disposition).

Table 25-10-0086 contains newly added data: receipts from other provinces, deliveries to other provinces, imports from the United States, imports from other countries, exports to the United States, exports to other countries, deliveries to natural gas processing plants, metering differences, line losses and adjustments. These data allow for a more comprehensive picture of the supply and disposition of natural gas in Canada.

With this release, historical data back to January 2016 have been added to table 25-10-0086.
