

## Student worksheet 2: Manufacturing in Canada, 1917 to 1961

Find Table 4 on page 679 to 680 of the *Canada Year Book 1967* on the Statistics Canada website. Find the data for the years and categories shown and record the data in the table below.

Manufacturing in Canada: Selected information, 1917 to 1961				
	Number of establishments	Number of employees	Value of salaries and wages	Value of shipments
1920				
1940				
1960				

1. In 1917, almost 607,000 Canadians worked in about 22,000 factories. By 1959, \_\_\_\_\_ Canadians worked in \_\_\_\_\_ factories. The value of products shipped in 1917 was \_\_\_\_\_. By 1961, that value was \_\_\_\_\_, almost nine times higher.

2. Some questions we still have about manufacturing in the period between 1917 and 1961:
