

### Student worksheet 3: Manufacturing by province, 1900 to 1964

Find Table 71 on page 284 of the *Canada Year Book 1917*. Fill in the information required for 1900 in the table below. Then find Table 1 on page 565 of the *Canada Year Book 1947* to complete the information required for 1944. Finally, find Table 9 on page 688 of the *Canada Year Book 1967* to complete the information required for 1964.

You are finding data for 1900, 1944 and 1964 for Ontario, Quebec, another province of your choice, and Canada. Write the province's name in the spaces in the first column in the table below. A few examples are provided.

<b>Manufacturing for three provinces in 1900, 1944 and 1964</b>		
	<b>Number of employees</b>	<b>Value of products or shipments</b>
Ontario, 1900		
Quebec, 1900	110,329	
_____, 1900		
Canada, 1900		
Ontario, 1944		\$4,339,797,784.00
Quebec, 1944		
_____, 1944		
Canada, 1944		
Ontario, 1964	509,758	
Quebec, 1964		
_____, 1964		
Canada, 1964		

In 1900, there were \_\_\_\_\_ factory workers in Ontario and Quebec combined. Together they produced products worth \_\_\_\_\_.

In 1964, there were \_\_\_\_\_ factory workers in Ontario and Quebec combined. Together they produced products worth \_\_\_\_\_.
