

Student worksheet 1: Job counsellor's data sheet

Employee's name: _____

Employee's current occupation: _____

Employee's current location, if known: _____

Date of employee's request: _____

Are major world events a factor? (e.g., First World War, Second World War, Great Depression) **Yes / No** If yes, which event(s)?

Table(s) for this request:

Canada Year Book

year(s) _____

Canada Year Book

page(s) _____

This dataset uses **percentages / actual numbers** (circle one or both).

Some of the indicators we looked at (e.g., weekly wage rates, percentage of work force, other measure of Canadians at work):

We think the data are helpful in our decision making because

1. (Answer this question if you have the profile of **Erik, Monique, Doug** or **Danny**.)

The trend in **wages / hours / number** (circle one) of workers for this occupation is

- a. down a lot
- b. down a little
- c. staying the same
- d. up a little
- e. up a lot
- f. not part of our worker's profile concern

2. (Answer these questions if you have the profile of **Jacques, Anna, Nicole, Grace, Louise, Carl, Giorgio, Brigit** or **Joy**.)

Safety / wages / hours (circle one) is/are part of our worker's profile concern.

Safety / wages / hours is/are better **where worker is / somewhere else**.

Answer the questions asked on Student worksheet 2 here, except the ones on advice.

Our advice to the employee is

We recommend this because
