

Student worksheet 5: Plan an event for your school

Plan a unique and interesting assembly for your class or school that will honour those who contributed to Canada's military effort during the two world wars. All decisions must be agreed upon by **all** members of the group. Any disagreements must be worked out by discussion and, in some cases, compromise.

Use the planning section below to plan out your event. Then, complete the reflection chart ([Student worksheet 6](#)) to report on how your group came to its decisions. You will be presenting your proposal to the rest of the class, so make sure you think out each feature carefully and are prepared to explain your choices in a three- to five-minute oral presentation.

What are the key messages you want the assembly to convey?

Who should be invited to the assembly?

What will be the features of your program?

Why was each feature chosen? How will each increase the audience's understanding of the contributions made?

When and where will your event be held?

Why did you choose this time and location?

How will each member of the group contribute to the event?
