

Student worksheet 3: Marital status of the population of Canada

Task: Using the *Canada Year Book 1947*, Table 12 on page 116, and the *Canada Year Book 1967*, Table 13 on page 196, record the number of males and females of each marital status for each year in the table.

	1911		1921		1931		1941		1961	
	Males	Females	Males	Females	Males	Females	Males	Females	Males	Females
Single										
Married										
Widowed										
Divorced										
Total										

What generalizations can you make about the marital status of people living in Canada during the selected years?
