

### Student worksheet 4: Rural and urban populations

**Task:** Using the *Canada Year Book 1947*, Table 2 on page 102, determine the province or territory with the most significant, the least significant and the most unusual urbanization from 1911 to 1941. Record the name of the province and data to support your choice in the table below.

	1911	1921	1931	1941
Most significant urbanization from 1911 to 1941	Ontario			
Least significant urbanization from 1911 to 1941	Yukon, Prince Edward Island			
Most unusual urbanization from 1911 to 1941	Northwest Territories			

What generalizations can you make about urban and rural communities in Canada during the selected years?
