

Student worksheet 5: Urban centres

Task: Record the number of people living in Canada's three largest cities—Montréal, Toronto and Vancouver—plus another city of your choice during each year indicated. Use the *Canada Year Book 1947*, Table 4 on page 103, to find this information. To find the most recent population data for each of these cities, go to www.statcan.ca > Summary Tables > Tables by subject > Population and Demography > ["Population by census metropolitan area."](#)

	1871	1921	1941	Today
Montréal				
Toronto				
Vancouver				
City of your choice:				

What generalizations can you make about the growth of Canada's largest cities?
