percent							
Percentage of total water discharge	8.4	76.6	13.0	0.4	1.6	100.0	..

1. For 2005, tidewater is included in surface water bodies and other points of discharge. As of 2007, it appears separately.

2. For both 2007 and 2009, data for the Great Lakes drainage region, the Ottawa drainage region and the St. Lawrence drainage region were combined under the Great Lakes drainage region. For all other years they appear separately.

Note(s): Figures may not add up to totals due to rounding.
