## Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

## Note of appreciation

*Canada owes the success of its statistical system to  
a long-standing partnership between Statistics  
Canada, the citizens of Canada, its businesses,  
governments and other institutions. Accurate and  
timely statistical information could not be produced  
without their continued cooperation and goodwill.*

## Note de reconnaissance

*Le succès du système statistique du Canada repose sur  
un partenariat bien établi entre Statistique Canada et la  
population, les entreprises, les administrations  
canadiennes et les autres organismes. Sans cette  
collaboration et cette bonne volonté, il serait impossible  
de produire des statistiques précises et actuelles.*
