6.6 ED Module

The EDUC module basically covers two types of training activities. The first series of questions (ED_Q021 to ED_Q190) deals with "training programs". A program is a series of courses offered by, through or under the auspices of an educational institution (private or public) that are used as credits towards a degree, diploma or certificate.

The education module captures all institutions attended by the respondent during the reference year and all degrees, certificates or diplomas completed. This results in a series of flows for each type of institution attended (ED_Q020). For example: if a respondent attended high school and university, we would ask ED_Q021 to ED_Q026 and ED_Q130 to ED_Q175.   If another attended community college and then a business or commercial school we would ask ED_Q030 to ED_Q070.

If ED_Q005 = "Yes" (attended an educational institution in the reference year), and flows for attending all institutions have been completed, ED_Q150 asks about any <u>other</u> degrees, certificates or diplomas received during the reference year. This identifies situations where a respondent received a degree in the reference year although the program finished the previous year.

Without ED_Q150, these "degrees" would not be recorded. Similarly, if ED_Q005 = "No" then ED_Q185 will also pick up these hidden "degrees", that is degrees or certificates awarded after the year that the respondent attended the institution.

Questions on student loans are asked of respondents who are less than 45 years old and who reported either attending or receiving a diploma from a post-secondary institution.

The second series of questions (ED_Q300 to ED_Q350) deals with job-related "training courses". For the purpose of the questionnaire, training activities such as

---

courses, seminars, workshops, conferences and forums are covered by these questions.

ED_R001:   **The next series of questions will be about education.**

             INTERVIEWER: Press <Enter> to continue.

             go to ED_C001
