# The 2006 Participation and Activity Limitation Survey: A Profile of Disability in Canada - Tables

### Introduction

The Participation and Activity Limitation Survey (PALS) is Canada's national survey that gathers information about adults and children whose daily activities are limited by a physical, mental, or other health-related condition or problem.

This document presents data tables associated to the first report "The 2006 Participation and Activity Limitation Survey: A Profile of Disability in Canada".
